

Delegation to the contractor of the task of permit manager for hot work involving fire hazards

Property owner/Customer:

.....

Company/Contractor to be responsible for permitting:

.....

The delegation includes these addresses, missions, projects:

.....

.....

- The property owner/customer hereby delegates the task of being the permit manager under the safety regulations for hot works.
 - The contractor has the right to delegate their permit manager responsibility within their organisation, and can then use the form "Personal delegation for the task of permit manager during hot work", where an individual is named for the task.
 - Note This assignment may not be sub-delegated without the written approval of the customer.
- The customer authorises the permit manager to sub-delegate this task.
