

Further delegation to contractor for task as permit manager during hot work

The company has been appointed as the permit manager by the client (e.g. the main contractor):

.....

Company/Contractor who will be responsible for the permit issuing process:

.....

The delegation applies to these addresses, assignments, projects, areas:

.....

.....

.....

The main contractor hereby delegates the task of permit manager according to SBF 506 Safety rules for hot work in temporary workplace. NB! Without the Client's written consent, this task may not be further delegated.

- The Client has authorised the company/main contractor to further delegate this task to another contractor. NB! This should be done no further than necessary.
- The Client has authorised the Contractor to delegate permit manager responsibility within their organisation. Top tip! Use the form "*Personal delegation for the task of permit manager during hot work*".

The delegation applies from:..... until:.....
